

Getting Started

Getting Started with Mammologix

Mammologix... as easy as 1...2...3!

Step 1 – Send your patient demographic information and breast imaging report of test results to Mammologix via FEDEX, Fax or Electronic Upload

Step 2 – What Mammologix does for you...

- Review and code the interpretations
- Input the patient information for outcome tracking and auditing into a database
- CASS certify addresses for postal deliverability
- Create patient notification and reminder letters

Step 3 - What Mammologix provides you...

- Executive summary reports
- Monthly audit reports
- Overdue inquiries and tracking reports
- Patient notification letters
- Patient reminder letters

The Mammologix Mission

Mammologix is committed to remaining the recognized leader in providing mammography imaging facilities with the easiest, most accurate and cost-effective methods for collecting, analyzing and reporting of medical outcome audits and patient tracking as prescribed by the Mammography Quality Standards Act (MQSA).

The Mammologix Guarantee

Any successful outsourcing relationship requires mutual trust and confidence that both parties will hold up their end of the bargain. ***Mammologix is so confident our services will meet your expectations that it is willing to put our money where our mouth is.***

That is why we offer the Mammologix Guarantee.

If you are not satisfied with Mammologix after the first 60 days of service, you are under no obligation to continue. PLUS...any fees paid to Mammologix for patient tracking, medical outcome records and reports will be refunded in full, excluding fees incurred for actual patient letter production/postage utilized.

And, if in the future you ever wish to cease using Mammologix's services all we ask is a written notice. You may stop any time – for any reason.
